COME AND HAVE LOTS OF FUN!

PRO-BADGE

SKILLS FOR LIFE

cubs

Scouts

**BE PREPARED FOR
FUN AND FRIENDSHIP**

www.pro-badge.org.uk

What is Pro-Badge?

Pro-Badge is an Activity Badge Training Scheme, which uses the resources of the Solent Scout Training Centre, run by qualified volunteer leaders, for the best advantage of the Cubs, Scouts, Explorers and Leaders. The scheme provides training for badges that predominantly require outdoor Scouting activity or natural resources.

Facilities

Cubs sleep in Lyons Lodge. This is a comfortable heated building with rooms of 4 and 8 bunks. You will need to bring your sleeping bag, pillow and cuddly toy.

What else will I get out of the weekend?

Fun packed activities that help the young people to gain independence, confidence, and make new friends. More nights to add to your Nights Away badge. Maybe even a hike to add to your Hikes Away badge.

Pioneer

Learn the skills needed to build projects from wood and rope. Whose project will fire the furthest, and whose will take the most weight? Learn easy and not so easy knots and lashings. Learn how

ropes are made using a rope machine

Scientist and Space

A double badge weekend.

Scientist

Pop on your safety goggles and learn all about the cells in our bodies to the energy fuelling our homes. Have fun doing experiments and constructing rockets.

Space

Join us as we blast off into the solar system exploring space and planets. Looking at the night sky and discovering constellations.

Chef and Backwoods Cooking

A double badge weekend.

Chef

Cubs will work with knives, gas stoves and ingredients to prepare and enjoy a delicious two course meal. Chop, peel and boil your way to bring out your inner chef.

Backwoods Cooking

Learn to safely light a fire and maintain it. Cook a variety of tasty woodland delights.

Our Adventure Challenge

Dig out your sense of adventure. Take part in many new and exciting activities.

Navigator - Stage 2

Explore local trails, joining us to learn how far a map and compass can take you. We'll have fun playing with grid references and all the symbols you'll need to navigate the UK.
